Next Yale Day of Service May 14, 2011

We're Gearing Up -- Send Us Your Leads

Our Third Yale Global Day of Service is in the planning stages, and we need your input.

- **Please send us the names of organizations which could use the help of our Yale alums for a day, and we'll enthusiastically follow up your leads.**

Last year Yale Boston had an impressive turnout. Nearly 300 volunteers participated in 24 projects, making us one of the most active and innovative Yale clubs in the nation. Our projects varied from tutoring inner city youth, preparing international medical equipment for shipment overseas, recording books-on-tape for the Blind, to cleaning parklands and green spaces, and many more. Don't hesitate to offer us any and all your ideas.
